

ceramic brussels 2026

02 January 2026

The Syndicat des Négociants en Art (SNA) is pleased to be a partner of ceramic brussels 2026.

ceramic brussels is the first international contemporary art fair dedicated exclusively to ceramics. Following a widely acclaimed inaugural edition in January 2024, ceramic brussels has established itself as the leading specialized international platform and a benchmark event for the promotion of ceramic art. A pioneering, committed, and advocacy-driven fair, it benefits from the support of a broad international community of collectors, institutions, and engaged art professionals.

For its third edition, taking place from **January 21 to 25, 2026, at Tour & Taxis in Brussels**, the fair will present an ambitious program that is increasingly international, monumental, and innovative. The event will feature more than 70 Belgian and international exhibitors, Elmar Trenkwalder as guest of honor, 10 recipients of the ceramic brussels art prize, a special focus on Spain, an extensive conference program, and the presentation of works by nearly 200 artists.

An ideal opportunity to meet participating galleries, discover exceptional works, and engage directly with professionals from across the sector.
